

Global Security and Privacy Solutions

American Security and Privacy (ASP) assists organizations **build, maintain, assess, report and monitor comprehensive cohesive global security and privacy programs** and help them prepare for the unknown. Companies can have a standalone security program; however, a successful privacy program must have a robust security program in place to support it.

At American Security and Privacy, it is our mission to help organizations be Prepared for the known and ready for the unknown.

At the crossroads of compliance, struggling to manage and balance it with security and privacy? At American Security and Privacy, we want to be your strategic security and privacy partner and offer a variety of solutions to meet organizational needs such as:

- Leadership
- Advisory Partner
- Governance
- Privacy Rights
- Inventory & Data Mapping
- Vendor Management
- Risk
- Compliance
- Audit & Testing
- Training & Awareness
- Staff Augmentation
- Management & Policy
